Sheely, Stallsmith, Mrs. Sheffer, Rice And Mehring Nominated

(See Table on Page 3)

While nearly 80 per cent of the eligible electors in Adams county failed to cast ballots in Tuesday's primary election, 3,498 voters went to the polls and selected these standard-bearers for the general election in November.

Judge W. C. Sheely for re-election as president judge as the nominee of both major parties.

Donald C. Stallsmith, Gettysburg, as the GOP choice for the office of county treasurer by a vote of 1,318 to 617 over Clyde D. Berger, also of Gettysburg.

Chester E. Mehring, Gettysburg, as the Democratic nominee for the treasurership. He defeated Robert F. Walters, also of Gettysburg, by a vote of 612 to 450.

Mrs. Howard Sheffer, Gettysburg, as the Republican nominee for a full four-year term as clerk of the courts. Mrs. Sheffer topped Roy C. Wolf, Cumberland township, 1,450 to 611.

Mervin I. Rice, Bendersville, for jury commissioner as the GOP nominee. His vote was 1,356 compared with 545 for his opponent, P. E. Brough, of Lattimore township.

Knouse Unopposed
The Republicans also gave Associate Judge A. Dale Knouse, Menallen township, unopposed, a large complimentary vote as the party nominee for re-election to his position on the bench. No tabulation was made of the Democratic votes for associate judge. More than a score of names were written in by voters in many districts.

The Democrats used 419 "stickers" to give Bernard Brashears, New Oxford ex-Marine, their party's nomination for clerk of the courts. He was unopposed.

One of the lightest votes cast in Adams county in many years was handled at Tuesday's election. Votes cast represented only about 21 per cent of the eligible registered members of the two major parties.

Unopposed in either party, Judge Sheely received a comparatively large complimentary vote from both parties. The votes he received topped those given any other candidate covered in the unofficial tabulation made election night and this morning.

No Close Contests
Edgar A. Wolfe, Littlestown, was unopposed as the Democratic choice for jury commissioner. A few scattered votes were cast for other persons for the office but were not tabulated with the unofficial figures. None of the contests in either party was ever seriously in doubt from the time the first returns arrived at the court house until Lattimore township reported at 11:30 o'clock this morning.

Donald C. Stallsmith, successful GOP candidate for county treasurer, carried 38 of the 42 districts in the county over his opponent, Mr. Berger, and Mrs. Sheffer received a majority in all but seven districts. Chester Mehring carried half of the voting districts in the county, lost 18 to Walter and gained the votes in three others.

The scarcity of important contests was held chiefly responsible for Tuesday's light vote. With only one county contest on the Democratic ticket—that post for county treasurer—members of that party (Please Turn to Page 2)

Sheely Sets New Record

What may be a new highlight in political balloting in Pennsylvania was recorded in Adams county in Tuesday's primary.

Judge W. C. Sheely, a lifelong Democrat, seeking re-election to the office of President Judge of

the Adams-Fulton courts, and unopposed, polled 643 more Republican votes than he did Democratic, although a small, unknown faction, sought, through circulars, to run an opposition Republican candidate who had steadfastly refused to run.

Judge Sheely received 1,769 Republican votes and 1,126 Democratic votes in 42 precincts.

MEN HELD FOR BURGLARIZING SOLDIER'S HOME

Guy Emley, 67, Gardners R. D. 1, was committed to the county jail Tuesday pending a hearing before Justice of the Peace Robert P. Snyder for burglary.

Pennsylvania state police say they found almost the entire furnishings of the home of Sgt. and Mrs. William Ingle, Aspers R. D., at the home of Emley after a search had been instituted when Mrs. Ingle reported the theft.

Police say the burglary occurred on or about June 13 when Emley hauled away the household goods of Sergeant Ingle, who is overseas as a carpenter with the Army Air Forces. Mrs. Ingle, the daughter of Mrs. Clayton Guise, Biglerville R. D., was not living in her home at the time. Since her husband left for Hawaii in April she has been living with her mother and working at the American Chain Works in York.

Goods Worth \$3,000

Upon her return some time ago from Pagos, Texas, where she had been living with her husband who had been stationed at the Pagos Army Air Base, Mrs. Ingle inspected the home at Aspers and found all to be in order. She did not return until last week when she discovered that the house had been stripped of all its belongings except one rocking chair. "They even took the baby's rocker," she said.

The Ingles have two children, Tolbert, 15, and Joyce, 15 months. Sgt. Ingle entered the service April 16, 1944, and left his base at Pagos the middle of April.

Police estimates place the stolen property, most of which has been located, either at the home of Emley or at the homes of people to whom he is reported to have sold various pieces, at about \$3,000.

Former Burgess C. A. Heiges won the Republican nomination for burgess in a three-way "sticker" campaign in Tuesday's balloting in Gettysburg while the Democratic nomination went to Charles B. Dougherty on the basis of unofficial figures compiled Tuesday night as the returns reached the county commissioner's office at the court house.

Burgess Fred G. Pfeffer, in whose behalf a "sticker" campaign was launched Monday morning, placed second in the Republican balloting and ran third for the Democratic nomination. Pfeffer ends his four-year term as burgess at the end of this year.

Although many of the voters used "stickers" in naming their choice for burgess, a number wrote in the names of their candidates and each candidate's name appeared in several forms in all of the election districts here so that final figures may be altered by the official tabulation which begins Friday at noon.

Snyder and Weikert Win

Robert P. Snyder won both party nominations for justice of the peace and J. Herbert Weikert accomplished the same feat as a candidate for tax collector.

George T. Raffensperger and Charles S. Black were nominated on both tickets for the two vacancies on the local school board. Black is a candidate for re-election. Raffensperger will succeed Arthur E. Hutchison who was not a candidate.

Each of the three members of council whose terms expire was re-nominated without opposition on both tickets in all three wards. George D. March was named as the choice of both parties in the First ward; L. D. Shearer in the Second ward and Joseph D. Kendlehart in the Third.

S. Richard Eisenhart was nominated by both parties for re-election as borough auditor for a six-year term.

The Vote For Burgess

A tabulation of the vote by precincts on the GOP nomination for burgess follows:

	Heiges	Pfeffer	Dougherty
1WP	49	63	21
1WP2	54	70	12
2W	93	46	34
3W	46	30	12
Totals	242	209	79

The voting for the Democratic nomination was tabulated as follows:

	Dougherty	Heiges	Pfeffer
1W 1P	22	14	5
1W2P	26	4	1
2W	49	25	11
3W	34	15	3
Totals	131	58	20

Justice of the Peace Robert P. Snyder, whose name was on the GOP ballots, won that nomination by a big complimentary vote and gained the Democratic nomination by a margin of 41 to 27 over J. W. Bringman, for whom stickers were distributed Tuesday.

Ward Results

Messrs. Black and Raffensperger got large Republican votes for the two school board nominations. Black's total was 467 and Raffensperger's 545. Raffensperger's name was first on the ballot. For the Democratic nominations Black received 12 votes and Raffensperger, 11.

In the First ward Betty M. Lawver was nominated by the Republicans for assessor and Milton Remel won the Democratic nomination on a single ballot. Mrs. Anne Bracey is the Republican judge of elections in the First precinct and Mrs. Mary Naugle received the Republican nomination for inspector. In the Second precinct the Republicans voted for George Bender for judge (Please Turn to Page 7)

Veteran Wins

Bernard Brashears, New Oxford, only veteran of World War II to campaign for a county office at Tuesday's primary, won the Democratic nomination for clerk of the courts on a "sticker" campaign. The unofficial count gave him 410 votes.

Recently discharged from the U. S. Marine Corps, Brashears is a veteran of four major battles in the Pacific. He was wounded in the left leg in action last July on Guam.

Two Men Hurt As Big Truck Crashes

Two men were injured, neither seriously, when the tractor-trailer truck on which they were riding was badly damaged in a crash on the Mummaburg road 500 feet west of the borough line about 3:30 o'clock Tuesday afternoon.

Benjamin Franklin McMichael, 22, Brentwood, Md., driver of the truck escaped with leg bruises but his helper, George Bronson, 52, also of Brentwood, received a fracture of his right collarbone and cuts on the right hand and lips. Bronson was treated at the Warner hospital.

State police investigated and said that the truck struck an abutment as it traveled north and then swerved to the right and hit a tree. The front section of the truck was badly smashed and the front of the trailer also was damaged. No charges have been laid.

Japanese Leap To Death From Cliffs Of Okinawa

By LEIF ERICKSON

Guam, June 20 (AP)—Large numbers of Japanese leaped to their death from the cliffs of Southern Okinawa today and more and more were surrendering as U. S. tanks and troops broke through to the south shore.

Two marine regiments seized 700 yards of the south coast as they fanned out. An artillery spotter plane pilot said he saw many Japanese or civilians leaping into the sea in the first mass suicides since the Saipan campaign.

Other Nipponese troops in increasing numbers were slipping in among the thousands of civilians streaming through the American lines and were surrendering. Many of the few thousand still fighting were wounded.

Japs Stand and Die

Some of the most stubborn opposition was met before Mabuni, near the island's southeastern coast, where the enemy's commanding general was believed at bay with his staff, determined to stand and die.

A Tokyo radio broadcast conceded the loss of Okinawa and declared its fall would have serious military consequences. The enemy claimed "furious hand-to-hand" fighting still was in progress, however.

Well back of the marine spearhead on the south coast, one pocket of the enemy fought on in a death trap east of Kunishi ridge—a western strongpoint—delaying the advance in the center.

Here And There

News Collected At Random

A new incendiary bomb which spouts synthetic lava is the latest contribution of the Army's Chemical Warfare Service to the aerial war against Japan.

Officially known as the M74, this 10-pound tube affair regurgitates its complex inside a few seconds after landing on an enemy war plant. A blend of violently inflammable chemicals oozes over the target like natural lava erupting from a volcano. One of the ingredients is "goop"—magnesium powder coated with asphalt particles—which is an intermediate product in making high grade magnesium.

The fire qualities of "goop" were discovered when a quantity stored in a California war plant inexplicably burst into flame. Samples were rushed to Edgewood Arsenal for study. Here CWS technicians added gasoline, white phosphorus and other ingredients to give the concoction a still more destructive kick.

Manufacturing this compound is like baking a cake. Workers first dump a quantity of "goop" into a kettle, cream it, add a drop of this and that, and paddle a preliminary brew; then put it in a dough mixer, add gasoline and beat into a pastry batter; this they remove, place in a churn, dilute with jelled gasoline, and mix to an even mass.

The resultant synthetic lava is a strong, rubbery material. Burning with an intensely hot flame, it produces a white glow and is difficult to extinguish. The mixture combines the good features of thickened gasoline, which can be thrown into hard-to-reach corners by means of tail-ejection bombs, and of magnesium, which concentrates (Please Turn to Page 8)

York Springs Bans Beer, Liquor Sales

York Springs voted "dry" in Tuesday's balloting when nearly 70 per cent of the town's electors turned out to stop beer sales in the borough and continue the ban against the sale of liquor there.

On the question of liquor sales, 62 men and women voted "yes" but 111 said "no."

The vote on beer was "yes" 72 and "no" 104. Four years ago, York Springs voted against liquor sales, repeating a decision made eight years ago when they turned down liquor but allowed beer sales.

Both wet and dry forces had petitioned for the local option vote at Tuesday's primaries. Under the state law a local option vote cannot be held there again before 1949.

RECEIVES DISCHARGE

Sgt. Leroy J. Fleming, Gettysburg, has received his honorable discharge from the Army at Ft. Dix, New Jersey.

COLLEGE GRAD DECLARED DEAD

First Lt. Robert F. McClure, captured by the Japanese in the Philippines after the fall of Bataan in April, 1942, has been officially declared dead by the War department, his wife was informed by telegram at her home at Hillside, Dauphin.

He was among 1,775 American prisoners crowded on a troopship which left Manila last October 11, and which was sunk by submarine action in the China sea last October 24. Only nine of the prisoners survived.

Called into service as a reserve officer in June, 1941, he was trained in Georgia before he left for duty in the Philippines the following November. He was stationed at Fort McKinley, near Manila, when war broke out and he participated in the hard fighting on Bataan.

Need Replacements
During this fighting, he wrote to his wife and to his parents, Mr. and Mrs. H. B. McClure, 214 Kelker street, that the Japs could be driven from Japan "if only replacements and equipment would arrive." Following his capture, he was held in the Philippines until the Japs attempted to transport him with other troops to the mainland.

A graduate of Gettysburg college, he was associated with his father in the plumbing business in Harrisburg before he entered the service.

He is the father of two small children, Charlotte Anne, 10, and Susan Reynolds McClure, 5. He also is survived by a brother, William E. McClure, Radburn, N. J.

Election Briefs

All four of the candidates for the office of county treasurer are residents of the second precinct of the first ward of Gettysburg — and the two men who won their party nominations are the men who carried their home precinct.

D. C. "Don" Stallsmith, North Stratton street, carried the district over his opponent, Clyde D. Berger, Carlisle street, by a vote of 108 to 49 while Chester E. Mehring, York street, topped his opponent, Robert F. Walter, East Stevens street, 30 to 13.

One Republican vote nominated a woman for constable of Hamilton township. The candidate, who if elected, would be the first female constable in the county, is Mary Chronister.

The First National bank of Fairfield received one vote for the office of borough tax collector.

District No. 1 in Mt. Pleasant township, where only 15 ballots were cast in 13 hours on Tuesday, was the first to bring its returns to the court house Tuesday night arriving at 9:45 p. m. Butler township was second. The first Gettysburg precinct to report was the First precinct of the First ward which made its report at 10:20 o'clock.

Despite many "write-in" votes, the Third ward election board made its report to the county board of elections on the stroke of midnight. It was the last Gettysburg district to report.

In some districts in the county each ballot that was cast cost the county about \$3 apiece. In the first district of Mt. Pleasant township, election expenses totaled \$43.50 and there were 15 votes cast. Exactly the same figures came from the second district of Hamilton township where only 15 voters exercised the franchise.

Germany township saw 18 votes cast but election expenses came to \$56.70. One of the lowest cost-per-ballot rates was reported from Cumberland township where 366 votes were cast at a cost of \$43.

Of the election boards complained about the many "write-ins" but Franklin township election officials produced some figures to explain why it took them until nearly 3 o'clock to get their reports in.

There were 143 votes cast there but those voters wrote in the names of 170 candidates.

The biggest vote in the county was turned in by the Second ward of Gettysburg where 301 ballots were cast. There are 902 registered in the ward.

About 900 ballots were cast in Gettysburg on Tuesday and 739 of them used "stickers" to cast their votes for candidates for burgess. Many others wrote the names of the candidates on their tickets, using many variations of the men's names. In one precinct Charles B. Dougherty's name appeared in six different forms.

The official count of Tuesday's voting will begin Friday at noon at the court house. The military ballots will be counted next Tuesday. Twenty ballots were mailed to servicemen and 14 of them have been returned so far. L. U. Collins, Mt. Joy township, and Harry Badders, Littlestown have been named as extra clerks to help with the count.

There are 9,167 registered Republicans in the county and 7,173 registered Democrats. Two hundred and two registered non-partisans could not vote at the primaries. The six Socialists, one Royal Oak and one Social Justice party members also were ineligible to cast ballots.

On the average each ballot cast in the primaries on Tuesday cost the county almost 80 cents. The election expenses totaled about \$2,700 including the cost of ballots and supplies, the pay of election board members, polling place rentals and other incidental expenses.

A heavy vote would have been handled at almost the same cost. In large turnouts of voters in important elections in other years, the per-ballot cost has fallen as low as 20 to 25 cents.

SAYS GERMANS WELL FED AND WELL DRESSED

Pfc. William C. Schmidt, former assistant manager of the G. C. Murphy company here, now somewhere in Europe, tells of his recent experiences in a letter to Mr. and Mrs. Ed Culver, Hanover street, as follows:

"Saw a great deal of combat and traveled a lot during recent weeks. . . saw the ruins of Aachen. Was in and around Dusseldorf, Cologne, the Rhine, etc. . . was at the Ruhr pocket when it was closed and was with the Third Army in Czechoslovakia when the war ended over here. At the present I am at Hamburg, about 40 miles from Nurnberg. . . we lived fine in combat. . . including some of the best homes in cities, towns and in the country. . . had a different home almost every night. For the past ten days we have been living in tents, the first I've slept in pup tents since coming over here. Found many of the beds over here too short for me. . . You may have read that our Division, the 97th, is going to the Pacific via the States. The weather hasn't been too nice for camping out. . . much rain and cold weather. . . the more I see of this country the more I love America. Except in the cities, conveniences are few. No sewers in the small towns and often no running water. . . If it is raining, the water is always cold; hot water must be heated on stoves. . . usually a stove in every room. . . saw many German prisoners and refugees. Germany had prisoners and forced labor, men and women, from all over the Continent. The caravan I saw the other day of displaced persons and refugees could not be compared with the comforts of our covered wagon days. . . The German people all seem well fed and well dressed. Potatoes had been one of their main foods and cows, had chicken, goats, rabbits, masts, etc. . . in many of the homes it is hard to tell where the house stops and the barns begin."

On the average each ballot cast in the primaries on Tuesday cost the county almost 80 cents. The election expenses totaled about \$2,700 including the cost of ballots and supplies, the pay of election board members, polling place rentals and other incidental expenses.

GIVE YOUR CAR A LIFT FOR THOSE EXTRA MILES!

FRIDAY, JUNE 22, the value of your A gasoline coupon goes up from four to six gallons. That 50% increase is mighty welcome. But it doesn't mean the need for fighting gas is almost over. There's still a tough war to win — with long air and sea supply lines that will take a flood of fuel. War must continue to be the petroleum industry's main job. Miracles of production have made possible this greater gasoline allotment to civilians. The next increase may be many months away. And most folks won't get new cars until after that. So it's extra important to get the most out of the extra gas ration by keeping your old car in good condition. Play safe — and be safe. Drop in at the friendly Atlantic dealer's near you for regular and careful check-ups — tires, battery, plugs, cooling system — everything. And to assist the job of putting new life in the old car, depend on Atlantic Motor Oil and Atlantic Lubrication with Atlantic Gasoline, of course. Today is a good time to start!

Bad Gastein, Austria, (AP)—It is a weird peace that has come to the Tarn Mountain area.

The pleasure loving Austrians in this Fairyland resort heard hardly a shot fired during the whole war.

But since the cannon company of the Third Division's 15th Regiment moved in as occupation troops, Bad Gastein has been rocked out of bed daily at 6 a. m., by a reveille salute from the 105 MM Howitzers. About 8 o'clock each evening the natives of the town nervously pull out their watches and wait until the same Howitzers send shells whizzing overhead to kick up a geyser of snow on the eastern rim of the beautiful Alpine Valley.

That is Lt. Randolph Summerall's noisy substitute for the bugled "can't get 'em up" and "day is done."

His boyish countenance makes you think he should be back in high school in Isola, Miss., but Summerall is the commanding officer of the cannon company—and King of Bad Gastein.

Hold Diplomats

His men are riding herd on the Berlin diplomatic personnel of a half dozen countries—including Japan—stranded behind the American lines after Germany's surrender.

The invigorating mountain air gives the diplomats a healthy appetite and there is not much food in the Bad Gastein valley. Summerall had to refuse the Japanese request for permission to fish in the Gastein River. He hasn't had time to find for them "just one laying hen to give us one egg a day."

The British had a complaint too, though it was along a different line.

The 78th Division, policing British Eighth Army territory on the other side of Tarn Mountain, came through the tunnel the other day to pay the Americans a visit.

The Five-Mile Bore is the sole connecting link between Bad Gastein and Mallnitz on the other side of the mountain. The Yanks and the Tommies use locomotives like jeeps to maintain liaison.

On this particular trip the lads of the "Golden Chopper" Division brought some German prisoners along.

Germans Nab SS Men

"We found these blokes on our side of the mountain," a British officer said. "They were armed with your carbines and were carrying your K-Rations."

"Yeah, we sent 'em out on patrol," Sgt. Charlie Singleterry of Cairo,

Miss., explained. "They have been bringing in SS men for us. Give 'em back their guns." So the Germans—mind you we said it was a weird peace up here at Bad Gastein—took back their carbines and reported to a German colonel who sent them out on another patrol.

"It just seems strange" Singleterry said as we rode the locomotive back towards Bad Gastein depot. "Last night for instance, we had entertainment with the best band music and singing you ever heard. They were German soldiers from one of the hospitals here. They asked if they could come over and play for us. One of the fellows had a leg shot off and another had an arm missing. Like as not some of us did it. But there they were singing for us."

It did seem strange as the Third Division Doughboys—who suffered more casualties than any other outfit in this war—sauntered towards the swimming pool.

Share Pool

The pool was filled with German soldiers and their girls. Most of the men had an arm or leg missing.

At 2 p. m. the Germans climbed out of the pool, retreated to a respectable distance and stretched out on the grass in the hot sun.

The GI's most of them clad in Khaki underwear shorts started diving and cavorting in the pool. The pool is theirs from 2 to 4 p. m. each day.

It is a weird peace that has come to Tarn Mountain.

Paris, (AP)—Army traffic being what it is these days, it is no trick at all for a fellow to go hitch-hiking around the continent . . . provided, of course, he is in Allied uniform.

Say, for instance, you had slept right through the call that was supposed to wake you in time to catch the Brussels-Paris train, and you didn't have any more luggage than a musette bag. So you started thumbing at 9:30 in the morning, and were in Paris in time for dinner at seven that evening. Following the rule of thumb you would not, perhaps, have taken the most direct route. On the other hand, you would have covered in reverse a lot of lovely country through which the Allied armies swept last fall (and marvelled at how quickly the scars of war have healed in the open fields of southern Belgium and northeast France, and seen for the first time the handsome last-war memorial erected to honor the thousands of Canadians who died at Vimy Ridge.

LAWRENCE AND WADDELL WIN

Pittsburgh, June 20 (AP)—Democratic state Chairman David L. Lawrence, long-time supporter of the "New Deal," and Robert N. Waddell, Republican, a former football coach at Carnegie Tech, will fight it out for mayor of Pittsburgh next November.

Incomplete unofficial returns from yesterday's primary election gave them commanding leads for their respective party nominations to the office being relinquished by Cornelius D. Scully, Democrat.

Lawrence, 55, former secretary of state in the "Little New Deal" government of former Governor George H. Earle and an early backer of Franklin D. Roosevelt, defeated John M. Huston, 68-year-old registrar of wills, who bucked strong Democratic organization.

Waddell, 47-year-old insurance executive, showed surprising strength in defeating Lt. Col. Harmer Denny, Jr., of the Army Air Corps, who was not here to make a campaign. Waddell carried the support of the Alle-

gheny county chairman, James P. Malone, Jr., and Denny had as backers the young Republicans and such party leaders as Attorney General James H. Duff and Turnpike Commissioner James J. Coyne.

The tally, on the basis of returns from 318 out of 425 precincts, gave Lawrence 38,590, and Huston 17,507 in the Democratic contest. Returns from 363 precincts gave Waddell 27,203 and Denny 17,550.

Huston's headquarters closed last night without making a statement, but Denny's campaign manager Cal Bolster, conceded shortly after midnight.

THREE CASTOFF
HURLERS SHOW
SUPERB FORM

By JOE REICHLER
(AP Sports Writer)

A trio of castoff pitchers demonstrated last night they might have an important bearing on the American and National league pennant races.

The three, Roger Wolff, of Washington, Clem Hausmann of the Boston Red Sox and Joe Bowman, of Cincinnati, each turned in a glittered mound effort to blank their opposition in 31 innings.

Wolff, the 32-year-old veteran, who reached the majors via Philadelphia at the advanced age of 29, and was traded to the Senators at the end of the 1943 season, held his former teammates to one hit in the opener to help the Nats win a doubleheader from the Athletics 6-0 and 5-3.

Only 28 men faced the knuckleball expert. Hal Peck's fourth inning double ruined his quest for a no-hitter. The triumph was Wolff's seventh against three defeats. In each of his losses he gave up but one run.

Blanks Yankees

Clem Hausmann, 25-year-old righthander, whom the New York Yankees thought so little of when he pitched for their Kansas City farm two years ago, that they allowed the Red Sox to draft him, turned on his former employers and whitewashed the Yankees with three hits to eke out a 1-0 decision.

The victory, Hausmann's second straight 1-0 three-hitter, and his fourth in a row, put the third place Bostonians only half a game behind the Yankees, who dropped to two games behind the league leading Detroit Tigers. Hank Borowy was the victim.

Bowman, 35-year-old veteran who has seen service with six clubs, and only a month ago was obtained on waivers from the Red Sox, turned in his fourth win without a defeat for the Reds with a brilliant 13-inning 1-0 triumph over the world champion St. Louis Cardinals.

After battling on even terms with Charley Barrett of the Redbirds for 12 scoreless innings, catcher Al Unser, another American league cast-off, via the Tigers, singled home Al Libke from second for the winning run.

American league lead a full game over the Yankees by whipping Cleveland 4-3 in a twilight tilt before 20,351 fans. Frank Overmire, third Detroit hurler, took over in the ninth to save the decision for starter Zeb Eaton.

With General of the Army Dwight D. Eisenhower looking on, the New York Giants continued their downward slide losing to Boston, 9-2, as Jim Tobin held them to eight hits. The defeat, their fourth straight and 18th in their last 23 starts dropped them to three percentage points above the second division. It also tightened the National league race to such an extent that sixth place Boston is only three games behind second place Pittsburgh and four and a half behind first place Brooklyn.

In the only other major league contest, Chicago's White Sox defeated St. Louis' Browns 5-4, scoring four runs in the seventh aided by Vern Stephens' two errors. Nelson Potter was charged with his fifth straight loss while former Brownie Earl Caldwell gained the decision.

Brooklyn and the Phillies were rained out while Pittsburgh and Chicago were not scheduled.

Roundup

By HUGH FULLERTON, JR.

New York, June 20 (AP)—As an aftermath of last winter's basketball scandal, Brooklyn college has created the post of Administrator of Athletic Eligibility (Men) and appointed Verne Booth, star distance runner of 20 years ago and a member of the 1924 Olympic team, to the new job. . . . Commissioner Happy Chandler's contract still is circulating around the big league owners collecting signatures. . . . Anton Lang, the famous seven-year-old barefoot pacer from Oxford, Wis., was given his first pair of shoes recently and won his first start of the year in fast time. His owner evidently figures that if the nag is going to beat two minutes, he'll have to do it in a civilized way.

SO LONG, FRIENDS

The sports writing profession has lost two outstanding members in the past few days, Sid Mercer and Jack Miley, writers who pursued different methods of attaining the same objective. . . . Mercer's method was critical analysis while Miley specialized in barbed wit, but they both struck at weak spots regardless of whom might be hurt by their criticism. . . . One of the high spots in Mercer's career was a feud with John McGraw which arose when the Giant

manager challenged Sid's veracity. After a formal hearing, Mercer was vindicated. . . . Miley was the central figure in the famous battle of the hotel lobby at Tampa when Dizzy Dean took a more active and colorful way of expressing his objections to criticism. . . . Such men won't be forgotten soon.

SHORTS AND SHELLS

After Gaffer Johnny Bulla turned in his second-place score in the Philadelphia open, Sunday, he hurried to New York and flew to Atlanta. He had just time there to take a shower and don his uniform before taking the controls of an airliner bound for Chicago, where he arrived Monday morning, 13 hours and 1,500 miles from the 18th green. . . . Manager Eddie Walker is selling Chalky Wright's contract to Jack Bluman for either \$10,000 or \$7,000 (depending on who tells it) bought the Chalk from Gus Wilson eight years ago for \$300. And Wright only cost Gus a pack of cigarettes, Walker adds. . . . Sounds like something over the ceiling price for cigs.

The Braves' purchase of Mort Cooper was front page news in the "Cockatoo," the newspaper which serves the Sixth Infantry Division in the Philippines. . . . Capt. Abilene, Kas., June 20 (AP)—Ike's home town on the broad Kansas wheatlands has prepared a welcome for the General that won't approach in magnitude those awarded him in world capitals but it will be from his homefolks.

Dwight D. Eisenhower returns to his own people Friday and Kansas will honor in its own way—in purely civilian fashion.

A special train will take General Eisenhower and members of his party to Abilene Thursday evening from Kansas City where a four-hour program and great parade is scheduled for that afternoon. Relatives of the General will come from all parts of the country for the occasion. Among them will be his 83-year-old mother, Mrs. Ida Eisenhower, of Abilene.

Rip Collins, piloting the Albany Senators in a tight Eastern league race, had another starting pitcher today in John Smith.

Collins pulled Smith from his usual relief role last night to hurl the opener of a doubleheader against Binghamton. Smith allowed nine scattered hits as the Senators rolled up a 5-0 score over the Triplets. He didn't walk a man. Binghamton came back in the nightcap to beat Albany 6-4.

Army Doctors Make Discovery

It has been the experience of army doctors that an ointment containing a sulphadiazine and urea has done exceptionally good work on the war front as a healing formula in burns, itching, athlete's foot, industrial skin infections, itching of eczema, psoriasis and first aid. This combination of ingredients is available to the folks back home and the name is VICTORY OINTMENT. This ointment is white, greaseless, and also contains lanoline and benzocaine. It is antiseptic, pain relieving and promotes healing. Factory workers will find VICTORY OINTMENT the best for band-aids. Safe for adults or children. Safe to use on any part of the body. Clip this notice and get a jar of VICTORY OINTMENT. Made by the makers of Echo Powder. Sold in Gettysburg by Rex & Derick Drug Store.—Ad.

COOPERATES

During Critical
MEAT SHORTAGE

REQUIRES ALL OF OUR PATRONS TO COOPERATE WITH U.S. O.P.A. will permits us to slaughter 75% of our original killing of Cattle — with the sincere cooperation of our customers, it will provide sufficient Meats for our patrons during this Meat shortage.

HOW CAN THE HOUSEWIFE COOPERATE? Buy less Meat than before; if you bought three pounds for a week's supply, now buy two pounds. Buy the cheaper cuts by having greater variety, such as soups, hashes, and many other recipes so popular today. Do not always buy the prime steaks. You have cooperated with us before when requested and we know you will fall in line again during this emergency. Housewives we know, CAN, and WILL voluntarily buy Meats hereafter accordingly.

We have dressed our own Meats for the past 10 years and have always maintained a positive policy of Quality — this policy will be maintained whenever it is humanly possible. The O.P.A. has inspected our store, our slaughter house at regular intervals and we were not satisfied that we know all the rulings. Recently we visited the District Offices of O. P. A. and they cordially made every possible suggestion within all the rulings to cooperate.

We feel it is a patriotic duty to cooperate with O.P.A. rulings in order to save Meat for the men and women serving in the Armed Forces—we know that it is absolutely necessary, and Bushman's, as one Adams county store, located in Arendtsville takes pride in observing and carrying out strictly all the rulings provided by O.P.A. — and in turn provide our customers Meats during this wartime crisis.

FRISCO PARLEY HITS SNAG; MAY UPSET CLOSING

By JOHN M. HIGHTOWER
(Associated Press Diplomatic News Editor)

San Francisco, June 20 (AP)—Conference leaders are striving to resolve the last of the issues between the great and small powers today so that President Truman can keep his date to close this historic United Nations meeting next Saturday.

With the President already on the west coast at Olympia, Wash., and with time growing short to prepare for the projected Big-Three meeting at Berlin next month, American delegates especially were hopeful that it would not be necessary to delay the closing session until early next week.

But much depends on the remaining issue—over the extent of discussion to be allowed a United Nations general assembly. It was supposed to have been settled yesterday and officials said there seemed no question the timetable would be thrown off if it was not settled finally today.

May Limit Debates

Russia is asking a stricter limitation of assembly debates than Australia, as leader of a group of small nations, considers acceptable. Several efforts at a compromise have failed to produce agreement.

Other conference work is speeding toward conclusion. Principles for the projected security league of the world organization were voted last night by a conference commission. This commission also agreed unanimously in a separate declaration that the Franco government of Spain, because of Axis support in coming to power, should never be admitted to membership.

The United States, which like many of the other nations maintains diplomatic relations with Gen-

a white-hot flame on a target area.

The "lava bomb" resembles a 19-inch length of hexagonal pipe. At one end is a collapsible metal tail which springs open when the bomb is released from its cluster. Designed after ballistic tests in the wind tunnel at Harvard university, this tail tends to hold the bomb on its course. At the hose is a sensitive fuse which ignites the incendiary upon impact at any angle.

Inside the bomb is a plastic cup which holds half a pound of white phosphorus, a few pounds of the synthetic lava filling and a dome-shaped ejection diaphragm. Blown open by a burst of charge, the diaphragm works like a piston, expelling itself, the cup of phosphorus, the lava and the collapsible tail out of the bomb in a miniature eruption. war job like cutting pulpwood. Probably the human mind at home can never quite grasp the full terror of actual war. It may well be too great a tax upon our imaginations to be able to fully understand the extent of each boy's sacrifice as he faces our enemy in the Pacific.

Yet, even dimly understood, we must realize the importance of fulfilling our war-time duties. We can buy bonds to speed the ending of the war. We can give our blood, and possibly save another's life. We can hold down our war jobs, whatever they are. We can cut pulpwood to provide blood plasma kits, surgical dressings and 700,000 other vital war needs.

The peeled top quality pulpwood that we cut NOW is really an investment in some American's TODAY and in a better TOMORROW for all of us.
